

# ERP Implementation Specialist

## Description

About TailorTailor is an innovator in enterprise resource planning, offering a headless ERP solution tailored for large enterprises with over 500 employees. We specialize in streamlining and optimizing business processes through advanced, custom ERP applications, empowering businesses to achieve operational excellence and drive growth.

**Position Overview**

**Role:** ERP Implementation Specialist (Contractor)

**Type:** Remote, Part-Time

**Commitment:** Minimum 10 hours per week

**Start Date:** Within 1 week of selection

**Role Description:** Tailor is seeking a dedicated and knowledgeable ERP Implementation Specialist to join our team on a part-time, contract basis. This role is essential in designing and deploying custom ERP applications to meet the unique needs of our clients. As a specialist in this field, you will leverage your expertise to enhance operational efficiencies across various ERP modules.

**Key Responsibilities:**

- Analyze and understand client requirements to design effective ERP solutions.
- Implement and configure ERP applications across multiple use cases, such as: Order and Credit Management, Order Fulfillment and Shipping Logistics, Invoicing and Accounts Receivable Management, Purchase Order and RFQ Management, Manufacturing, Project-based, and Non-discrete Material Handling.
- ERP Warehouse, Packing, Picking, and Demand Forecasting.
- Product Information Management.
- Collaborate with stakeholders to ensure solutions meet business needs.
- Provide ongoing support and modifications as needed.

**Skills and Qualifications:**

- Required Proficiency in two or more ERP use cases listed above.
- Ability to work independently and in a team environment.
- Strong problem-solving skills and attention to detail.
- Excellent communication and project management abilities.
- Nice to have: ERP Implementation, Engineering, and product development experience.
- Ability to overlap working hours with the team for at least 4 hours per day.
- Fluent English communication skills.
- Experience working in a startup environment.

**Hourly fee by professional ERP experience:**

- Non Technical (cannot code yourself): 3~5 years: \$305~7 years: \$507+ years: \$70
- Technical (can code yourself): 3~5 years: \$605~7 years: \$1007+ years: \$140

If you are a skilled ERP expert looking for a part-time opportunity, we would love to hear from you. Please submit your resume and a brief cover letter detailing your relevant experience. Note: This position is open to remote candidates.

**About the interview**

**Interview Process:**

- Application:** To apply for the position, please submit your resume and a brief cover letter detailing your relevant experience, including specific ERP categories and the names of the products/applications associated with them.
- Phone Interview:** Once we have reviewed your application, we will schedule a short (10-minute) phone call or Zoom call to further assess mutual fit.
- Experimental Task (Paid):** Upon successful completion of the phone interview, we will assign you a specific task related to the ERP scope.
- Final Interview:** If you successfully complete the experimental task, you will be invited to a 60-minute final interview. We appreciate your interest in the part-time ERP Expert role and we look forward to receiving your application. Should you have any further questions or need clarification on any aspect of the interview process, please do not hesitate to reach out.
