

# Community Manager

## Description

As part of the Community team, you will be responsible for managing Layer N's community groups, community engagement efforts, and regional specific user empowerment. What you'll be doing: Manage and maintain Layer N's various online communities such as Discord, Telegram, etc. Manage and maintain region and language-specific groups. Be readily available and responsive across Layer N online communities. Plan and execute community online events. Ensure efficient communication between the needs and feedback of the community, and the product development team. Build key relationships with community members. What we're looking for: Experience as a hands-on community manager. Genuine excitement about cultivating and building communities. Ability to take autonomy and ownership. Deep understanding of L2s, and crypto. Strong creative thinking. Excellent communication abilities. The base salary range for this full-time position is \$20k - \$50k USD. The range displayed on each job posting reflects the minimum and typical maximum target for new hire salaries for the position of a candidate at any level. We do hire exceptionally talented professionals with decades of experience in their field. As such, our range may be higher than what is displayed. Our base salary ranges are determined by experience and location, and we hire at all levels for multiple roles. Within the range, individual pay is determined by work location, job-related skills demonstrated during the interviews, working experience, and relevant education or training. Please note that the compensation details listed in role postings reflect the base salary only and do not include equity, tokens, or benefits. Please mention the word \*\*WINNABLE\*\* and tag RMzUuMjM1LjEwNy40Mg== when applying to show you read the job post completely (#RMzUuMjM1LjEwNy40Mg==). This is a beta feature to avoid spam applicants. Companies can search these words to find applicants that read this and see they're human.
