

Engineering Manager Cloud Security

Description

About the Team Come help us build the world's most trusted, on-demand logistics engine for delivery! At the forefront of safeguarding DoorDash's digital assets, the Cloud Security Team is a dedicated group of professionals committed to ensuring the highest standards of security within our cloud environments. With a focus on innovation and collaboration, our team thrives on designing and implementing robust security measures, staying ahead of emerging threats in the ever-evolving landscape of cloud security. About the Role We are looking for a seasoned cybersecurity leader and people manager to continue maturing our cloud security program and growing our engineers. As the Engineering Manager of Cloud Security, you'll guide the technical direction and execution of the team. You will report into the Engineering Manager of Application & Cloud Security within the Security Engineering organization. We expect this role to be 100% remote, or hybrid if you choose to work from a DoorDash office location. Occasional travel is required for major planning meetings and to maintain supportive relationships with your direct reports. You're excited about this opportunity because you will Partner with cross-functional stakeholders and leaders to define the roadmap and vision for the team. Define cloud security requirements and collaborate with other engineering teams to implement them, using best practices on secure cloud implementations as a guidepost. Build metrics to measure adoption rates and to ensure our technical solutions are successfully meeting security needs. Design and deploy scalable cloud security services/tools; Provide automated infrastructure provisioning via Terraform, containers and Kubernetes security and architecture. Develop strong relationships to foster productive collaboration and to increase the effectiveness and impact of our team's work. Build an outstanding team by coaching engineers, empowering your team through thoughtful delegation, and aligning work within your team according to skill level and professional goals. Provide continuous feedback to position your team members for optimal performance, and recognize the individual strengths and contributions of team members. Clearly communicate with both technical and non-technical audiences to achieve positive outcomes from meetings, technical reviews, and onsite strategy and planning activities. We're excited about you because you! Have 5+ years of security engineering experience in a cloud-production environment or equivalent industry experience and a minimum of 2 years of management experience. Lead with a people-first approach, able to facilitate a conversation rather than dictate it, and use influencing skills to accommodate divergent viewpoints in your decision-making. Bring deep experience providing technical leadership and guidance, leveraging both strategic and analytical thinking to solve problems. Are adept at working in a very fast-paced, diverse environment and are comfortable wearing multiple hats to achieve strong security outcomes across multiple organizations. Have experience driving security capabilities across AWS utilizing technologies such as Terraform, as well as experience with microservices and container technologies (e.g., Docker and Kubernetes). About DoorDash At DoorDash, our mission to empower local economies shapes how our team members move quickly, learn, and reiterate in order to make impactful decisions that display empathy for our range of usersâfrom Dashers to merchant partners to consumers. We are a technology and logistics company that started with door-to-door delivery, and we are looking for team members who can help us go from a company that is known for delivering food to a company that people turn to for any and all goods. DoorDash is growing rapidly and changing constantly, which gives our team members the opportunity to share their unique perspectives, solve new challenges, and own their careers. We're committed to supporting employeesâ happiness, healthiness, and overall well-being by providing comprehensive benefits

and perks including premium healthcare, wellness expense reimbursement, paid parental leave and more. Our Commitment to Diversity and Inclusion Weâ??re committed to growing and empowering a more inclusive community within our company, industry, and cities. Thatâ??s why we hire and cultivate diverse teams of people from all backgrounds, experiences, and perspectives. We believe that true innovation happens when everyone has room at the table and the tools, resources, and opportunity to excel. Statement of Non-Discrimination: In keeping with our beliefs and goals, no employee or applicant will face discrimination or harassment based on: race, color, ancestry, national origin, religion, age, gender, marital/domestic partner status, sexual orientation, gender identity or expression, disability status, or veteran status. Above and beyond discrimination and harassment based on â??protected categories,â?? we also strive to prevent other subtler forms of inappropriate behavior (i.e., stereotyping) from ever gaining a foothold in our office. Whether blatant or hidden, barriers to success have no place at DoorDash. We value a diverse workforce â?? people who identify as women, non-binary or gender non-conforming, LGBTQIA+, American Indian or Native Alaskan, Black or African American, Hispanic or Latinx, Native Hawaiian or Other Pacific Islander, differently-abled, caretakers and parents, and veterans are strongly encouraged to apply. Thank you to the Level Playing Field Institute for this statement of non-discrimination. Pursuant to the San Francisco Fair Chance Ordinance, Los Angeles Fair Chance Initiative for Hiring Ordinance, and any other state or local hiring regulations, we will consider for employment any qualified applicant, including those with arrest and conviction records, in a manner consistent with the applicable regulation. If you need any accommodations, please inform your recruiting contact upon initial connection. Compensation The location-specific base salary range for this position is listed below. Compensation in other geographies may vary. Actual compensation within the pay range will be decided based on factors including, but not limited to, skills, prior relevant experience, and specific work location. For roles that are available to be filled remotely, base salary is localized according to employee work location. Please discuss your intended work location with your recruiter for more information. DoorDash cares about you and your overall well-being, and thatâ??s why we offer a comprehensive benefits package, for full-time employees, that includes healthcare benefits, a 401(k) plan including an employer match, short-term and long-term disability coverage, basic life insurance, wellbeing benefits, paid time off, paid parental leave, and several paid holidays, among others. In addition to base salary, the compensation package for this role also includes opportunities for equity grants. We expect this position to be filled by 4/28/24. We use Covey as part of our hiring and / or promotional process for jobs in NYC and certain features may qualify it as an AEDT. As part of the evaluation process we provide Covey with job requirements and candidate submitted applications. We began using Covey Scout for Inbound on August 21, 2023. Please see the independent bias audit report covering our use of Covey here. Please mention the word **GORGEIOUSLY** and tag RMjYwMDoxOTAwOjlwMDA6OTM6OjE6ZDAw when applying to show you read the job post completely (#RMjYwMDoxOTAwOjlwMDA6OTM6OjE6ZDAw). This is a beta feature to avoid spam applicants. Companies can search these words to find applicants that read this and see they're human.
