

Head of Product Manager

Description

About usPartisia Blockchain Applications is building, operating and promoting applications within the Partisia Blockchain ecosystem. Partisia Blockchain is a cutting edge company with its primary focus being blockchain technology.Â This is a great opportunity for a self motivated dev to join early while we are still in a startup phase and have real influence in our company.Â About the RoleThe ideal candidate will be responsible for planning, coordinating, and implementing multiple projects within the decided-upon budget, timeline, and scope. Knowledge about blockchain is a major plus. We are a blockchain company and the projects will require general knowledge how blockchains operate. We are a startup in year 3 so this is an opportunity to join relatively early on and have real influence in the company.Responsibilities Set project timelines Monitor project deliverables This position is location-independent, but we ask that at least 5 of your working hours overlap with Eastern Standard Time (EST).Please mention the word **INGENUITY** and tag RMzQuODYuMTYzLjE1Mg== when applying to show you read the job post completely (#RMzQuODYuMTYzLjE1Mg==). This is a beta feature to avoid spam applicants. Companies can search these words to find applicants that read this and see they're human.
