

Senior Accountant

Description

Senior Accountant About Subsplash Subsplash is an exciting award-winning team of 250+ mission-driven people who are committed to our core values of humility, innovation, and excellence. Founded in 2005, weâ€™ve remained family owned and operated while pioneering the market with the first ever church mobile app. Since then, weâ€™ve been working together to build The Ultimate Engagement Platformâ„¢ for churches, Christian ministries, non-profits, and businesses around the world. We find excitement in serving our 14,000+ clients, creating impactful products, and delighting the 40 million real people who use our platform every day. Subsplash has won awards for best mobile experience, been voted top 100 Washington's Best Workplaces by the Puget Sound Business Journal, created some of the most downloaded apps of all time, and built enterprise software for world-class brands like XBOX, Microsoft, Samsung, Expedia, and Cisco; yet, at the end of the day, we love making a lasting impact and a difference in our world. Working at Subsplash is more than just a job; we are a team of people who are courageous, inventive, and passionate about doing meaningful work every day. Donâ€™t take our word for itâ€”head to Glassdoor and see for yourself! About Our Team The Subsplash Finance Team is focused on keeping the company running efficiently and effectively while simultaneously always seeking areas to innovate. We are detail oriented, analytical number crunchers, and love improving processes (not to mention a good spreadsheet!). We rely on each otherâ€™s areas of expertise across finance, accounting, and data analysis. If you enjoy working with teams of positive, high-energy people who are experts in their domain, this just might be the right fit for you! About the Role As the Senior Accountant, you will collaborate with the Senior Accounting Manager to support the Finance team and the continued growth of Subsplash. You will be responsible for a variety of accounting functions, analysis, and innovation of accounting processes. This role is intended to directly assist the Senior Accounting Manager in technical accounting research, collaboration with internal departments, and supporting third-party financial relationships. You will drive excellence in general ledger accounting in compliance with GAAP, monthly reporting, and compliance requirements.
