

Junior Trader

Description

At PINTU, we are building the #1 crypto investment platform focusing on new investors in Indonesia and Southeast Asia. We understand that 99% of new investors are underserved due to existing solutions catering to the 1% who are professionals and early adopters. Hence, we have developed an app to assist them in learning, investing, and selling cryptocurrencies with just one click. We seek a Trader Associate to join our OTC team and support day-to-day OTC activities.

What You'll Be Doing

In this role, you will:

- Responsible for timely buying and selling in the OTC market. Review stock orders to ensure accuracy and proper record-keeping.
- Provide in-house quotes for Pintu's customers and maintain accounts to ensure customers' satisfaction.
- Responsible for onboarding prospective clients and partners, including working closely with the compliance team to ensure adherence to regulatory standards and compliance measures.
- Responsible for acquiring new clients and fostering professional-client relationships.
- Open, manage, and supervise the relationship with various digital asset exchanges, OTC dealers, liquidity providers, and market-makers, and monitor any potential counterparty risk.
- Prepare, update, and write periodical reports on OTC transactions and balances.
- Identify financial trading strategies and opportunities.
- Design and implement trading algorithms, analyzing market data and market structures and performing risk analysis.
- Work closely with the structuring team on the development process of any structured products and/or collective investment schemes.
- Manage and research yield strategies, including market-neutral trades.
- Conduct research on any potential new revenue streams (potentially working closely with the Corporate Strategy team).
- Calculate appropriate allocations, rebalancing and execute prop trades.

Who We Are Looking For

Bachelor's degree in finance, accounting, computer science, data analysis, or related field preferred.

Fluent in English

Strong math, statistical, and quantitative skills.

High accuracy in numerical data.

Effective and good communication skills.

High sense of ownership, strong motivation, high ethical standards, and ability to work extended hours comfortably.

Can handle multiple, complex issues and prioritize in demanding situations.
