## Functional Analyst

### Description

Capco â The Future. Now. Capco is a distinctly and positively different place to work. Much more than consultants, we are active participants in the global financial services industry. Our passionate business and technology professionals enjoy a unique environment where they are actively encouraged to apply intellect, innovation, experience and teamwork. We are dedicated to fully supporting our clients as they respond to challenges and opportunities in: Banking, Capital Markets, Finance Risk & Compliance, Insurance, and Wealth and Investment Management. Experience Capco for yourself at [capco.com](http://capco.com) Letâs Talk About You Are you passionate about taking ownership of your career journey? Do you thrive on challenges and seek rewarding experiences? If so, we invite you to explore the exciting opportunity to become a valued member of our team as a Capco Functional Analyst. Letâs Get Down To Business We are looking for a Functional Analyst to join our Data/Digital team. Establish collaborative relationships with external and internal stakeholders and prioritize functional requirements. Conduct in-depth analysis of client requirements and business processes. Translate business and technical needs into clear and concise functional descriptions. Develop comprehensive test plans and support testing efforts to ensure quality deliverables. Provide guidance to clients on best practices and solutions tailored to their unique needs. Continuously assess and improve processes to enhance efficiency and effectiveness. Show Us What Youâve Got It will be very useful if you have some or all the following skills and experience: 3-8 years Functional Analysis experience Agile related delivery experience Proficiency in facilitating sessions with stakeholders to gather requirements Familiar with epic, user story writing Demonstrated ability to independently lead meetings with team members and stakeholders Knowledge of process re-engineering will be an advantage Effective and empathetic communicator with good interpersonal skills Agile methodology experience (SAFe) Financial Industry experience Experience in Commercial, Digital and Retail banking We value your professional experience, but what truly matters is that you share our passion for innovative ideas that put our clients at the forefront in a challenging market. Right from the start, your most important skill will be your ability to see fresh perspectives and find smarter ways of doing things, all to give our clients that extra edge they deserve. Now Take the Next Step If this sounds like you, we would love to hear from yo What do we offer: An attractive remuneration package, reflecting your experience, including a company car or a green mobility budget, net allowances, end-of-year bonuses, health insurance, a mobile phone and subscription, laptop and meal vouchers Organised individual learning tracks with access to leading online skills development platforms, to onsite and online teachers and to our global experts A hybrid (on-site/remote) work environment A shared objective to achieve a good work-life balance A flat, non-hierarchical structure that will enable you to work with senior partners and directly with clients A diverse, inclusive, meritocratic culture Please mention the word \*\*SAVIOR\*\* and tag RMzQuODYuMTYzLjE1Mg== when applying to show you read the job post completely (#RMzQuODYuMTYzLjE1Mg==).
