

# Crypto Operations Analyst

## Description

Company OverviewLunar Rails is an agency based in Dubai specializing in the field of virtual assets, offering professional services to businesses located globally.We are seeking a Crypto Operations Analyst to join our close knit and high performing team. Primary responsibilities will be working with the OTC Trading Desks for client order executions and servicing requirements. A secondary responsibility of this role will be staying on top of industry trends, providing research and insights to our clients. At Lunar Rails, we strive to stay ahead of the curve and remain up-to-date with the constantly evolving digital asset space. Our team keeps their finger on the pulse by regularly performing in depth research and analysis into market trends and staying abreast of news stories as they break.This is a fully remote position, with the requirement to cover the Americas time zone, 9am-5pm EST or equivalent.We are only considering candidates that do our quiz: <https://forms.gle/sF7AkA5wK3SXf9c8>Anyone who submits an application without doing the quiz will not be considered.We consider applications from candidates who are looking for a career change, but who can display the necessary research, english writing/communication and mathematical skills. As long as you are able to pass the quiz, you will get a chance. There is no time limit to take the quiz.Â Start date for this position is in ASAP.For more information about us, visit: <https://www.lunarrails.io/careers>

**Key Responsibilities**

- Work as part of a global trading team based in multiple time zones - You must be able to cover North American time zone business hours, 9am-5pm EST or equivalent. If you're based in Europe, you need to be flexible and cover certain time zones based on our needs, able to cover both 9:00a-5:00p CET and 1:00p-9:00p CET.Â
