

## Product Director Finance & Treasury

### Description

Finance and Treasury Product Director As the Finance and Treasury Product Director at Transfergo, you will be at the forefront of financial innovation, shaping the future of fintech services that millions rely on. In this pivotal role, you will not only direct the strategic course for our cutting-edge financial and treasury solutions, but also drive their transformation into powerful tools that enhance financial decision-making and operational efficiency for our customers globally. Your leadership will inspire a dedicated team of experts to push the boundaries of what's possible in fintech. By integrating your deep financial expertise with state-of-the-art technology, you will help build products that are not only compliant and efficient but also transformative and forward-thinking. This role offers the unique opportunity to make a significant, tangible impact on our business and the financial industry at large, ensuring that we continue to lead the market with integrity and innovation. Join us to lead change, inspire innovation, and make a difference every day. Your contributions to Finance&Treasury area: Develop and execute the product strategy and roadmap for our finance and treasury solutions. Collaborate with engineering, data, finance, and operational teams to bring new products to market and enhance existing offerings. Manage product life cycle from conception to launch, including market research and performance analysis. Ensure compliance with financial regulations and standards across all products. Provide financial expertise and leadership in cross-functional teams. Drive innovation in financial technology to maintain and enhance our competitive edge. Provide leadership and mentorship to a team of product managers, fostering a culture of innovation, accountability, and continuous improvement. A bit about you: 7+ years of experience in financial services, with at least 4 years in a leadership role within fintech or a related industry. Proven experience in product management, particularly in developing financial or treasury-related products. Strong understanding of financial regulations, capital markets, and treasury operations. Proven track record of successfully managing and integrating auxiliary services in a fintech or financial services environment. Excellent leadership, communication, and organizational skills. Ability to work in a fast-paced, tech-driven environment with a focus on delivering measurable results. Excellent communication and stakeholder management skills, with the ability to influence and collaborate effectively across functions and levels of the organisation. A love of highly cross-functional teams including close partnership with Engineering, Data and Finance leaders Strategic thinker with a passion for innovation and a customer-centric approach. What we believe At TransferGo, we offer competitive rewards to all our people including company equity. We know that recognition is about more than just money, and weâ??ve fostered a culture of kudos to shine a light on the great work throughout the business, and the people making it all happen. We hold regular in person events to connect with each other and help all our TransferNauts to grow with a generous training allowance. We believe that empowering people makes for a happier and more effective workforce. This means we enable anyone who wants to pursue initiatives that deliver real value for our migrant customers. What we offer: Be part of building a meaningful product in a growing fintech scale-up; We hire owners – all our employees are eligible to receive equity; A competitive rewards package; Generous holiday allowance (based on tenure); Competitive healthcare insurance / wellbeing package (based on your location); An annual training budget of â?¬1,000 to spend on your growth; We truly embrace flexibility and our people work from a variety of places (office, hybrid and remote, you can find it all here); If you are near one of our offices, we are a pet-friendly company and we enjoy regular opportunities to connect in person (we truly value in person connection on a regular basis and celebrate in style).
