## General Counsel

### Description

About the Position Working closely with the internal legal team and business colleagues, you will be responsible for regulatory analysis of new digital asset and blockchain related products and strategic initiatives, while drafting and negotiating complex technology, financial services, and vendor agreements. You will work with legal team colleagues and outside law firms to ensure that the business is fully informed of relevant regulatory developments and practical impact of new law and regulation on the business. Responsibilities Work as the lead of the legal team to assist the sFOX leadership team in analyzing and navigating the financial regulatory landscape relevant to new blockchain and cryptocurrency products the company wishes to offer in the United States and internationally. Assist the management team in understanding the practical operational, staffing, and product development impact which results from different, complex financial services licenses the business may pursue. Serve as an internal resource on a variety of commercial matters and questions to a diverse group of business executives and legal team colleagues responsible for product counseling, governance, and transactional matters. Draft and negotiate a wide range of contracts including services, consulting, licensing, non-disclosure, and other commercial, financial services and technology related agreements. Coordinate commercial and vendor onboarding efforts across internal teams. Requirements JD degree with at least 15 years of experience at a regulated financial services firm, financial regulatory agency, contracts experience within tech or financial services, or in a national law firm Excellent communications skills are critical, ability to provide crisp and practical legal advice and synthesize complex regulatory constructs succinctly and effectively, especially in circumstances where application of the law to the underlying technology and related products is unclear Experience with money transmission laws in the US and around the globe Experience working with regulators such as the SEC and CFTC Experience with crypto broker-dealers Excellent judgment, analytical rigor, and business pragmatism Familiarity with the European Unionâs Markets in Crypto-Assets Regulation (MiCA) Member of the CA bar and in good standing preferred, other states accepted Experience with corporate governance necessary. Experience managing a staff of legal professionals Experience with fundraising and startups is not necessary, but preferred. Ability to identify issues and suggest enhancements to form agreements, policies, procedures, and processes Ability to work independently and as part of a team Not Required, but Nice to Have Experience with high growth startups Please mention the word \*\*COURTEOUS\*\* and tag RMTguMjM2LjIzNi42MA== when applying to show you read the job post completely (#RMTguMjM2LjIzNi42MA==).
